Dear Mr. Wood:-

Several days ago, a package came from Gahan + Co., and upon opening same, why, mere words can not express my surprise and great pleasure + find the names of fourteen of the collectors. Oh, how I appreciate the beautiful spirit and thought, which prompted this token of esteem and respect! The silver-ware is lovely

and will ever be a reminder of the Numismatic World. I wish each one to know and feel how truly grateful I am to the fourteen gentlemen. Writing each one as I do not feel that a letter sent to Mr. Robertson fully expresses my feelings, and each one must know that his share stands apart from the whole.

Enjoy my little home on the hill. It means so much to me to have a home of my own.

Expect to assist Mr. Elder at the coming sale and I may have the pleasure of meeting you in the auction room. Mr. Elder is having difficulty with the help situation. Has had five so far.

Thanking you once more and extending my kindest regards, I am,

Sincerely,
Estella Edsall Dunham.
